Subject: 3 SCIENCE TEAMS RE: Weekly General Tuesday ECRAD Management Meeting
Attachments: Interest in working on science issues - Aggregate_Cumulative, PESS, _Transformation +.xlsx

Colleagues, for discussion, attached is spreadsheet showing which of our staff are volunteering for the 3 science teams.

I captured the complete data set in one worksheet, then made copies and sorted/deleted rows to derive a worksheet for each of the three teams – Aggregate, PESS, Byproducts+.

Very well balanced – 9, 8, and 10 volunteers respectively, with some repeats.

Please have a look and begin to think about who we might want to lead each team, as well as a management rep from our group.

And whether we might want to invite select non-ECRAD players in some instances. Or let the teams form and discuss that.

BCs, be thinking about who you want to have been on which team. We will discuss Tuesday at the mgt meeting.

Thanks, Andy
